Mr. Stowell was among the youngest of surveyors to earn a State of Texas Registered Professional Licensed Surveyor certification. He is responsible for the preparation of various survey exhibits, including boundary and topographic exhibits and closing/title surveys, as well as preliminary and final platting of property and other survey related tasks required to complete surveying services performed by G&A.

Mr. Stowell and his wife live in Denton. They enjoy the outdoors, traveling the U.S., and have a passion for adventure.
