The Judge and the Expert Surveyor Seminar

Mr. Paine has been responsible for boundary surveying projects ranging from rural boundary surveys to urban lot surveys. He also supervised preparation of Final Plats in Denton, Dallas, Tarrant and Collin Counties for filing of record therein. He has also prepared information for site plans and other engineering projects in the metroplex area ranging from school sites to residential subdivisions. In addition, he has supervised construction staking on numerous projects throughout the metroplex area including building and pier layout, parking lot layout, sanitary and storm sewer routes and street layout.

Mr. Paine has one daughter, and his wife, Dawn, is Administration Coordinator II, in the School of Merchandising & Hospitality Management, at the University of North Texas.
