Mr. St. Marie has extensive experience in project management, stemming from work with the Lewisville Independent School District for the Proposition 2B 2008 Package. Also for the Lewisville ISD, he facilitated the design of the Hebron 9th Grade Center, the Ben Harmon Campus for Lewisville High School, and the Marcus High School Athletic facility. These projects required coordination with municipal staff, design consultants, contractors, and owners' representatives.

Mr. St. Marie has additional experience in the designing, engineering, and site planning of industrial and commercial properties such as the Metro Auto Auction in Lewisville and the Parker Road Office Building in Grand Prairie. His involvement in these projects has extended into his work on residential subdivisions, where he has applied his knowledge to developments like Highlands Glen and Glenmere in Roanoke, Legends in Flower Mound, Southlake Meadows in Southlake, and Granada in Westlake.

Education

University of Massachusetts-Lowell 2007
Lowell, Massachusetts
Bachelor of Science
in Civil Engineering
