

# Randi L. Rivera, AICP

## Senior Planner

Mrs. Rivera is responsible for the conceptual development of projects, which includes preliminary layouts and concept plans. She is also responsible for project entitlements such as zoning change requests, that can include planned development zoning and specific/conditional use permits, and comprehensive plan amendments. In addition, she coordinates with the developer and municipal staff/officials for planned development standards and text amendments to municipal codes. Her education in public administration and planning has provided for an understanding of local government programs and processes as well as the legal foundation for land use regulation. Her mastery of presentation software has proven invaluable during the approval process for projects as well as project marketing.

Mrs. Rivera and her husband Raul live in Highland Village, Texas with their 2 children and enjoy spending time with their families and attend The Village Church.
