Mr. Minnis's position with the Town of Flower Mound provided him with extensive development exposure from the public sector. This experience has proven invaluable in his execution of project design and management in the private sector. He is responsible for the coordination of various commercial and medical projects such as The River Walk at Central Park and River Walk Medical Village in Flower Mound. He also facilitated in the design of several Lewisville ISD projects which include Killian Middle School, Shadow Ridge Middle School, Lewisville High School North - 9th Grade Center, and Independence Elementary School. In addition, his responsibilities of project management extend to residential projects such as Bella Lago, The Enclave at Chateau du Lac, and Montalcino in Flower Mound and Belleville Village in Old Town Lewisville.

### **Education**
